ACCESSING COURSEWARE FROM VITALSOURCE (TWO-STEP VERIFICATION):

Some courses include courseware that is delivered by VitalSource (VS) and accessed through a publisher's website. For these, there is a two-step verification process you follow to gain access:

- Step 1: Visit your online bookstore E-Library account to access your materials (follow instructions listed above).
- Step 2: Once in VS, you reveal an access code which is used to launch to materials on the publisher's courseware website.

Note: Following completion of the steps provided in this guidance, students must visit their Moodle course and access any link provided by their instructor to fully sync the courseware (E-Book) with the course.
