taylorb@edgecombe.edu
Find us on Facebook at facebook.com/ECCBLET

The Law Enforcement Training program at ECC is designed to provide Sworn Law Enforcement Officers, Detention Officers, and Communication Personnel with the opportunity to gain knowledge and skills based on new and existing technology. Programs are open to all Law Enforcement Agencies in the State. A broad range of Mandated and Specialty classes, based on both department needs and new training standards, are offered during the year on the College campus or at various department locations.

Basic Law Enforcement Training (BLET)
Hours: 20-week program consisting of 768 hours of training
Basic Law Enforcement Training is an accredited program of the North Carolina Criminal Justice Education and Training Standards Commission.
BLET is designed to give students essential skills required for entry-level employment as law enforcement officers with state, county, or municipal governments, or with private enterprise. Successful graduates earn 18 credits toward an associate degree in criminal justice technology, receive a certificate, and are qualified to take the certification examination mandated by the North Carolina Criminal Justice Education and Training Standards Commission.
Fee per course: Tuition waived for students sponsored by a law enforcement agency (required)

It is important to know exactly what employers look for when hiring full-time employees. In addition to relevant skills, employers seek employees who have the personal values, characteristics, and personality traits that spell success. Good personal values are the foundation for a good employee. This program offers an opportunity to learn the skills and behaviors along with the work values that are required for success in the workplace.

Let us teach you how to:
• Network effectively to find career opportunities
• Determine if a posted opportunity is right for you
• Improve employability skills
• Write a résumé and cover letter
• Fill out an application correctly
• Prepare for an interview
• Keep that new job and get promoted

Do I qualify for the fee waiver?
Individuals may be granted a waiver of class registration fees if they meet one of four criteria:
• Are unemployed
• Have received notification of pending layoff
• Are working and are eligible for federal earned income tax credit
• Are working and earning wages at or below two hundred percent (200%) of the federal poverty guidelines

North Carolina’s Career Readiness Certificate (CRC) is designed to meet the needs of both employers and job seekers in this transitioning economy. WorkKeys is a job skills assessment system measuring “real world” skills employers believe are critical to job success. These skills are valuable for any occupation, skilled or professional, and at any level of education.

• For employers, the CRC offers a reliable means of determining whether a potential employee has the necessary literacy, numeracy, and problem-solving skills to be “job ready”.
• For job seekers, the CRC serves as a portable credential that can be more meaningful to employers than a high school degree or a résumé citing experience in a different job setting.
• The CRC is based on WorkKeys, a nationally recognized, skills assessment tool developed by ACT Inc.

WorkKeys Assessments measure the current skills of individuals in four key areas:

1. **Workplace Documents (testing time 55 minutes)**
The Workplace Documents test measures the skill people use when they read and use written text in order to do a job. The written texts include memos, letters, directions, signs, notices, bulletins, policies, and regulations.

2. **Applied Mathematics (testing time 55 minutes)**
The Applied Mathematics test measures the skills people use when they apply mathematical reasoning and problem-solving techniques to work-related problems. The test questions require the examinee to set up and solve the types of problems and do the types of calculations that actually occur in the workplace.

3. **Graphic Literacy (testing time 55 minutes)**
The Graphic Literacy test measures the skill people use when they work with workplace graphics such as charts, graphs, tables, forms, flowcharts, diagrams, floor plans, maps, and instrument gauges.

4. **Applied Technology (testing time 45 minutes)**
The Applied Technology test measures the skill people use when they solve problems with machines and equipment found in the workplace. This skill includes four areas of technology: electricity, mechanics, fluid dynamics, and thermodynamics.

Register by email by sending your name, address, telephone number, and desired testing date to:

College and Career Readiness

The mission of College and Career Readiness is to offer adults the opportunity to improve their literacy skills and acquire the necessary knowledge for success in employment, self-sufficiency, and/or higher education. College and Career Readiness assists interested adults 18 years or older who have not earned a high school credential and offers remediation services to individuals who have earned a credential. Non-high school graduates, ages 16 and 17, may also enroll with special permission. The Division of College and Career Readiness also supports the communities and citizens of Edgecombe County by hosting community events throughout the year and working closely with our community partners.

The following College and Career Readiness programs are offered to assist adults in reaching their goals:

- Adult Basic Education I
- Adult Basic Education II
- Adult High School Diploma (AHSD) Program
- Adult Secondary Education
- Digital Literacy
- English Language Acquisition (ELA) Program
- High School Equivalency Diploma Program

College and Career Readiness classes enable students to work at their own pace. Individualized instruction is provided through tutoring services. Traditional and virtual classes are offered on both the Tarboro and Rocky Mount campuses. Off-campus classes are located at various sites throughout Edgecombe County.
